COEN POHLMANN MOELLENDORF

Los Angeles, CA | (323) 356-4020 | cpmoellendorf@gmail.com

EDUCATION

University of California, Los Angeles (UCLA) Expected June 2027
Bachelor of Science, Statistics and Data Science (GPA: 4.0)
Honors: UC Regent Scholar, Dean's Honors List
Activities: DataFest - Data Science Hack-a-thon
Relevant Coursework: Mathematical Statistics, Computation and Optimization for Statistics, Linear Models, Statistical Modeling

Pasadena City College (PCC) June 2025
Associate of Science, Applied Sciences (GPA: 4.0)
Honors: Summa Cum Laude
Relevant Coursework: Differential Equations, Computers and Programming, Discrete Math

SKILLS

Python (Pandas, NumPy, PyTorch, Jupyter), R (dplyr, ggplot2), Microsoft Office, Google Suite, iWork, Tableau | Public Speaking, Communication, Technical Research

EXPERIENCE

UCLA March 2026 – Present
Statistics Research Aide
- Work with a faculty mentor to analyze foundational papers (along with their accompanying code packages) on modern statistical network models, machine learning algorithms, and regression techniques.
- Present applications of techniques in the above papers to faculty mentor, demonstrating understanding through content break-downs and code projects.

Polytechnic School June 2026 – July 2026
PolySummer TA
- Assisted lead teachers in daily Math, Robotics, and Game Design classes, helping manage classroom activities and occasionally leading full class sessions.
- Guided students ages 6-12 through hands-on projects/coursework, helping them troubleshoot game design bugs and understand math concepts.

Polytechnic School September 2024 – June 2025
Poly Extended Program (PEP) Staff
- Supervised students in an inclusive after-school program, assisting students with conflict resolution and emotional regulation.
- Facilitated engaging, developmentally appropriate activities that encourage collaboration and self-expression.

PROJECTS

Artificial Intelligence: Used PyTorch to predict Cirrhosis patient outcomes for Kaggle competition.
Data Scraping: Pulled and filtered news headlines from BBC World for daily 'good news' stories.
